

High Security Cheques With Superior Protection

1 BORDERS

Warning border on top advising of document security features

2 WATERMARK

Distinctive pattern in the paper. Hold up to a light source to view.

3 MICRO PRINTING

The line borders on the cheque and the endorsement are micro printed and can only be seen when magnified. Micro-printing cannot be photocopied or scanned.

4 THERMOCHROMIC SHIELD

Heat sensitive ink: hold red image between thumb and forefinger or breathe on it; image will fade and reappear.

5 SIGNATURE AREA

The signature area is printed with a different pantograph background than the cheque. The patented use of multiple pantograph designs produces voids through different density settings on the copier.

6 INVISIBLE FIBRES

Coloured fibres in the paper only visible under a black light.
